

Host a Donor Day

Donor Day celebrations bring together a group of people to donate blood at a Memorial Blood Centers donor center. These events are a great way to celebrate a special occasion, give back to the community with your organization or business, or honor a special person in your life.

Host a Donor Day

Donor Days can be a great alternative to holding a blood drive, if you have a small group interested in donating blood together. Depending on your group size, your Donor Day can take place over a few hours in one day, over a few days, or even the course of a month.

The process is easy

Memorial Blood Centers will help you through the simple process of planning your Donor Day.

1. Gather a group of donors who are committed to giving blood at your Donor Day.
2. Select your preferred date(s) and donor center location.
3. Schedule your group appointments with a Donor Day representative, preferably at least two weeks ahead of your preferred date.
4. Make your Donor Day unique by bringing decorations or treats, such as cake or balloons!

Your group will receive its own unique giving code—be sure to share this code with your group so they add it to their donor profile. This giving code help keep track of your Donor Day's success!

Contact us to get started:

Call us at 888.448.3253 and ask to speak with the Donor Day representative.
